# RENOVATION SET

OUR RENOVATION SETS INCLUDE ALL THE MATERIAL AND EQUIPMENT YOU NEED FOR ONE SPOT-REPAIR!

High-quality and ready-to-use Superproflexliner

2-component silicate resin ready to use pre-assembled

Also available with 2-component epoxy resin

Cleaning wipes, latex gloves and fixing material

Combined with our proven Master packers, you have an excellent refurbishment system that not only ensures comfortable work, but also high-quality results.

## ADVANTAGES:

No purchase obligation for bulk quantities

Perfectly prepared

Handle and the required material available

Saves valuable preparation and working time

Error minimization through preconfigured sets

Custom sizes/lengths are available on request

Clean processing

Our renovation sets are available in sizes DN 50, DN 70, DN 100, DN 125, DN 150 and DN 200 (for 1 m packer approx. 45 min. curing time at 20°C).
